

Rainwater harvesting systems

Balmoral rainwater harvesting systems herald a new level of quality and performance in domestic rainwater recycling.

Designed for easy installation and reliable operation, each system provides the highest quality non-potable rainwater for toilet flushing, washing machines, garden irrigation and vehicle washing purposes.

- 1 Pump control unit
- 2 Filter assembly
- 3 Calmed inlet
- 4 Guided suction pipe
- 5 Telescopic turret
- A Mains bypass connection
- B Appliance connection
- C Suction line
- D Inlet
- E Inlet overflow

The ultimate underground rainwater harvesting tank

| Feature | Benefit |
|--|------------------------------|
| High impact strength at low temperatures | Tougher, easier installation |
| Single piece moulding with no joins | Leak proof |
| Lightweight | Easy to handle |
| Corrosion resistant | Low maintenance |
| UV protected | Gives longer life |
| Stress free mouldings | Provides extra strength |
| Recyclable | Environmentally responsible |

| Home-Harvest system | Product | Pop. served | Nominal volume | | Dia | Height |
|-----------------------|-----------|-------------|----------------|---------|------|--------|
| | | | Litres | Gallons | (mm) | |
| | BST-27-HH | 1 | 2728 | 600 | 1860 | 2515 |
| | BST-38-HH | 2 | 3800 | 836 | 2060 | 2755 |
| | BST-45-HH | 3 | 4546 | 1000 | 2180 | 2885 |
| | BST-60-HH | 4+ | 6000 | 1320 | 2380 | 3120 |
| Garden-Harvest system | Product | Pop. served | Nominal volume | | Dia | Height |
| | | | Litres | Gallons | (mm) | |
| | BST-27-HH | 1 | 2728 | 600 | 1860 | 2515 |
| | BST-38-HH | 2 | 3800 | 836 | 2060 | 2755 |
| | BST-45-HH | 3 | 4546 | 1000 | 2180 | 2885 |
| | BST-60-HH | 4+ | 6000 | 1320 | 2380 | 3120 |
